

# THE STRENGTH OF AN INTERNATIONAL

## GROUP

***Mobility is a major actor in the development of Mobility infrastructures within the VINCI Energies group.***

**Our reputation is built on our ability to resolve complex issues.** These issues represent a constant challenge and are the true driving force behind our innovation and development.

They affect our organisation, leading us to form ad hoc teams, drawing on our own human resources as well as those of our VINCI Group partners.

They push us to think 'universally' and to develop our locations all over the world so that we can meet the expectations of our customers as closely as possible

### The strength of VINCI Energies group

Connections, performance, energy efficiency, data : in a constantly changing world, VINCI Energies accelerating the deployment of new technologies, to bring about two major changes : digital transformation and la energy transition.

Décodeur de ses marchés, VINCI Energies accompagne ses clients en intégrant toujours plus d'innovation dans ses offres, de la conception à la réalisation, l'exploitation et la maintenance.

Ancrées dans les territoires et organisées en mode agile, VINCI Energies companies make energy, transport and communication infrastructures, factories, buildings and information systems more reliable, safer and more efficient every day.

#### A corporate citizen

We don't design infrastructure without analysing its impact – environmental impact, of course,
